

Promoting Positive Behaviour

January 2024

Review January 2025

EYFS: 3.1, 3.2, 3.53, 3.54,

At Acorn Childcare Centre, we believe that children flourish best when they feel safe and secure and have their needs met by supportive practitioners who act as good role models, show them respect and value their individual personalities. Children are supported through co-regulation, where adults and children work together towards a common purpose, including finding ways to resolve upsets from stress in any domain and return to balance leading on to a path to self-regulation. The nursery actively promotes British values and encourages and praises positive, caring and polite behaviour at all times and provides an environment where children learn to respect themselves, other people and their surroundings.

We implement the early year's curriculum supporting children to develop their personal, social and emotional development. This involves helping children to understand their own feelings and others and beginning to regulate their behaviour. We support children to do this through working together with parents, having consistent approaches, structure, routine and age/stage appropriate boundaries. We help build confidence and self-esteem by valuing all children and giving lots of praise and encouragement.

To support positive behaviour in our setting, we aim to:

- Recognise the individuality of all our children
- Provide a warm, responsive relationship where children feel respected, comforted and supported in times of stress, and confident that they are cared for at all times.
- Understand that behaviours are a normal part of some young children's development e.g. biting
- Encourage self-regulation, consideration for each other, our surroundings and property
- Encourage children to participate in a wide range of group activities to enable them to develop their social skills
- Ensure that all staff act as positive role models for children
- Encourage parents and other visitors to be positive role models
- Work in partnership with parents by communicating openly
- Praise children and acknowledge their positive actions and attitudes, therefore ensuring that children see that we value and respect them
- Encourage all staff working with children to accept their responsibility for implementing the goals in this policy and to be consistent
- Promote non-violence and encourage children to deal with conflict peacefully

- Provide a key person system enabling staff to build a strong and positive relationship with children and their families
- Provide activities and stories to help children learn about accepted behaviours, including opportunities for children to contribute to decisions about accepted behaviour where age/stage appropriate
- Supporting and developing children's understanding of different feelings and emotions, self-regulation and empathy as appropriate to stage of development. This includes using strategies and naming and talking about feelings and ways to manage them
- Have a named person who has overall responsibility for promoting positive behaviour and behaviour support.
- **The named persons** for promoting and supporting behaviour are Donna Downs (deputy and SENDco) and Lorna Hodgett (centre manager).

It is their role to:

- Advise and support other staff on any behaviour concerns
- Along with each room leader will keep up to date with legislation and research relating to promoting positive behaviour
- Support changes to policies and procedures in the nursery
- Access relevant sources of expertise where required and act as a central information source for all involved
- Attend regular external training events, and ensure all staff attend relevant in-house or external training for behaviour management. Keep a record of staff attendance at this training.

Our nursery rules are concerned with safety, care and respect for each other. We keep the rules to a minimum and ensure that these are age and stage appropriate. We regularly involve children in the process of setting rules to encourage cooperation and participation and ensure children gain understanding of the expectations of behaviour relevant to them as a unique child.

Children who are displaying distressed/challenging behaviour, for example, by physically abusing another child or adult e.g. biting, or through verbal bullying, are helped to talk through their feelings and actions through co-regulation before thinking about the situation and apologise where appropriate. We make sure that the child who has been upset is comforted. We always acknowledge when a child is feeling angry or upset and that it is the behaviour that is not acceptable, not the child or their feelings.

Our promoting positive behaviour procedure is:

- We support all children to develop positive behaviour, and we make every effort to provide for their individual needs
- We never use or threaten to use physical punishment/corporal punishment such as smacking or shaking or use or threaten any punishment that could adversely affect a child's well being
- We only use physical intervention (where practitioners may use reasonable force to prevent children from injuring themselves or others or damaging property) or to manage a child's behaviour if absolutely necessary. We keep a record of any occasions

where physical intervention is used and inform parents on the same day, or as reasonably practicable

- We recognise that there may be occasions where a child is displaying challenging/distressed behaviour and may need individual techniques to restrain them to prevent a child from injuring themselves or others. This will only be carried out by staff who have been appropriately trained to do so. Any restraints will only be done following recommended guidance and training and only with a signed agreement from parents on when to use it. We will complete an incident form following any restraints used and notify the parents
- We do not single out children or humiliate them in any way. Where children are displaying challenging behaviour they will, wherever possible, be distracted/re-directed to alternative activities. Discussions with children will take place as to why their behaviour was not acceptable, respecting their level of understanding and maturity
- Staff do not raise their voices (other than to keep children safe)
- In any case of challenging behaviour, we always make it clear to the child or children in question, that it is the behaviour and not the child that is unwelcome
- We decide on particular strategies to support particular types of behaviour depending on the child's age, level of development and the circumstances surrounding the behaviour. This may involve asking the child to talk and think about what he/she has done. All staff support children in developing empathy and children will only be asked to apologise if they have developed strong empathy skills and have a good understanding of why saying sorry is appropriate
- We help staff to reflect on their own responses towards behaviours that challenge to ensure that their reactions are appropriate
- We inform parents if their child's behaviour is unkind to others or if their child has been upset. In all cases we deal with behaviour that challenges in nursery at the time. We may ask parents to meet with staff to discuss their child's behaviour, so that if there are any difficulties we can work together to ensure consistency between their home and the nursery. In some cases we may request additional advice and support from other professionals, such as an educational psychologist
- We support children in developing non-aggressive strategies to enable them to express their feelings and emotions
- We keep confidential records on any behaviour that challenges that has taken place. We inform parents and ask them to read and sign any incidents concerning their child
- Through partnership with parents and formal observations, we make every effort to identify any behavioural concerns and the causes of that behaviour. From these observations and discussions, we will implement an individual behaviour modification plan where a child's behaviour involves aggressive actions towards other children and staff, for example hitting, kicking etc. The manager will complete risk assessments identifying any potential triggers or warning signs ensuring other children's and staff's safety at all times. In these instances we may remove a child from an area until they have calmed down.

The Centre asks children to look after equipment by:

- Encouraging children to use equipment appropriately

- Teaching them about health and safety
- Encouraging them to help mend broken toys and equipment
- Playing games, e.g. in circle time and considering, "How do we look after this?"
- Washing the bikes, toys etc.
- Reminding them to tell us about breakages
- Looking after the equipment ourselves and therefore modelling it

The Centre helps children to care about the environment by:

- Making it as attractive as possible
- Cleaning tables
- Tidying up together
- Displaying children's work
- Picking up rubbish
- Providing labelled storage
- Looking after outdoor plants
- Explaining proper care and use of areas (painting area, home corner, sand pit etc)
- Noticing, acknowledging and praising 'careful handling' and modelling it
- Sharing responsibility

There will also be a regular assessment of the environment to ensure that it is not having a negative impact on behaviour and that all children's needs are being met.

We recognise that children need their own time and space and that it is not always appropriate to expect a child to share. We believe it is important to acknowledge each child's feelings and to help them understand how others might be feeling.

At our nursery, staff follow the procedure below to enable them to deal with behaviour that challenges:

- Staff are encouraged to ensure that all children feel safe, happy and secure
- Staff are encouraged to recognise that active physical aggression in the early years is part of the child's development and that it should be channelled in a positive way
- Children are helped to understand that using aggression to get things, is inappropriate and they will be encouraged to resolve problems in other ways
- Staff will initiate games and activities with children when they feel play has become overly boisterous/aggressive, both indoors or out
- We will ensure that this policy is available for staff and parents and it will be shared at least once a year to parents and staff
- Staff and parents are also welcomed to review and comment on the policy and procedure
- If any parent has a concern about their child, a member of staff will be available to discuss those concerns. Working together can ensure our children feel confident and secure in their environment, both at home and in the nursery
- All concerns will be treated in the strictest confidence.

Anti-bullying

We encourage children to recognise that bullying, fighting, hurting and discriminatory comments are not acceptable behaviour. We want children to recognise that certain actions are right and that others are wrong.

Bullying takes many forms. It can be physical, verbal or emotional, but it is always a repeated behaviour that makes other people feel uncomfortable or threatened. We acknowledge that any form of bullying is unacceptable and will be dealt with immediately while recognising that physical aggression is part of children's development in their early years. Staff will intervene when they think a child is being bullied, however mild or harmless it may seem and sensitively discuss any instance of bullying with the parents of all involved to look for a consistent resolution to the behaviour.

By positively promoting positive behaviour, valuing co-operation and a caring attitude, we hope to ensure that children will develop a positive sense of self, have confidence in their own abilities, make good friendships, co-operate and resolve conflicts peaceably. These will provide them with a secure platform for school and later life.

Process For Exclusion

The decision to exclude a child will be taken in the following circumstances:

- (a) In response to a serious breach of the Centre's Behaviour & Exclusion Policy
- (b) If allowing the child to remain in the care of the Centre would seriously harm the welfare of other persons or the children including him/herself whilst in the care of the Centre.

Exclusion is an extreme sanction and is only administered by the Centre Manager. Exclusion, whether for a fixed term or permanently, may be used for any of the following, all of which constitute examples of unacceptable conduct, and are infringements of the Centre's Behaviour & Exclusion Policy:

- Verbal abuse to staff and others
- Verbal abuse to pupils
- Physical abuse to/attack on staff
- Physical abuse to/attack on pupils
- Indecent behaviour
- Damage to property
- Misuse of illegal drugs
- Misuse of other substances
- Theft
- Serious actual or threatened violence against another pupil or a member of staff
- Sexual abuse or assault
- Supplying an illegal drug
- Carrying an offensive weapon
- Arson

- Unacceptable behaviour which has previously been reported and for which the Centre's sanctions and other interventions have not been successful in modifying the child's behaviour.

This is not an exhaustive list and there may be other situations where the Centre Manager makes the judgement that exclusion is an appropriate sanction.

Permanent Exclusion

The decision to exclude a child permanently is a serious one. There are two main types of situation in which permanent exclusion may be considered:

- The first is a final, formal step in a concerted process for dealing with disciplinary offences following the use of a wide range of other strategies, which have been used without success. It is an acknowledgement that all available strategies have been exhausted and is used as a last resort.
- The second is where there are exceptional circumstances and it is not appropriate to implement other strategies and where it could be appropriate to permanently exclude a child for a first or 'one off' offence. These might include:
 - Serious actual or threatened violence against another pupil or a member of staff
 - Sexual abuse or assault
 - Supplying an illegal drug
 - Carrying an Offensive Weapon (Offensive weapons are defined in the Prevention of Crime Act 1993 as "any article made or adapted for causing injury to the person; or intended by the person having it with him for such use by him").
 - Arson
